

# Employee Health

Darlene Davisson RN, FNP-BC, MSN  
Jodi Bertagnolli RN, BSN

# Location

- Employee Health is located on 2 West of the main hospital
- Office Hours are:  
Monday – Friday 6:30am- 4:30pm  
Closed on Holidays

Phone: 304-598-4160

# See Employee Health for:

- Annual TB skin testing
- Immunizations
- Laser Eye Exams (specific departments only)
- Color blind testing (all residents)
- Bloodborne Pathogen Exposures
- Flu shots and Lipid panels

# READY SET

- ALL records are uploaded into **READY SET**
- Everyone must create an account in **Ready Set**.
- Employees will be able to log into **Ready Set** and electronically complete TB/vaccine consents and print off immunization records anytime.
- **Ready Set** is not a part of my WVUChart. Employee Health cannot access your myWVUchart.

# TB Skin Testing

- 2 step TB skin test will be applied per Employee Health guidelines. This includes 2 step PPD skin testing.
- TB skin test are read 48-72hrs after placement in the Employee Health office.
- IGRA blood testing will be completed according to Employee Health guidelines. For those HCW's with a history of a positive PPD, a copy of the most recent CXR is required and an IGRA will be drawn for confirmation.
- **Everyone** will complete an annual Health Survey via Ready Set regardless of their PPD history.

# Required Immunizations

- Hepatitis B vaccinations 1,2 & 3  
MMR (Measles, Mumps & Rubella) 1 & 2  
History of Varicella disease or Varivax 1 & 2  
Tdap (Tetanus, Diphtheria and Pertussis)  
then Tetanus/Diphtheria every 10 years thereafter or after 5 years with an incident.
- Documentation of a positive titer for Hep B, MMR, Varicella antibody level is acceptable.
- In addition: Color Blind testing

# Laser Eye Exams

- Required for: **Anesthesiology, OB/GYN, Ophthalmology, ENT, Surgery, Urology, Dermatology and Pulmonary**
- Exams are completed through the WVU Eye Center free of charge to the above listed departments. Your department coordinator will assist with scheduling your appointment. **Must** be completed before clinical privileges are provided
- Exit Exam are offered.

# Bloodborne Pathogen Exposure

- What is it?
- Prevent it!
- Respond!

What do I do if my  
unhealed cut is  
exposed to blood?

Eeek! Fluid from a  
patient just  
splashed in my eyes  
and nose!

Oh no! I stuck  
myself with a  
needle from a  
patient!

# Reminders

- ✓ Contact Employee Health immediately if you have been exposed to a bloodborne pathogen. **OR** (House Supervisor pager #0101 during off hours)
- ✓ Bring immunization records to Employee Health for review.

GOOD LUCK!!
