ANATOMY FACULTY POSITION IN EXERCISE PHYSIOLOGY, West Virginia University School of Medicine

The Division of Exercise Physiology, West Virginia University School of Medicine (http://medicine.hsc.wvu.edu/ep/) invites applications from outstanding candidates for a permanent non-tenure track (12 month) position. It is anticipated that the faculty appointment will be made as an Assistant Professor in Exercise Physiology. An appointment could be made at a higher rank and will depend upon the applicant’s qualifications. Applicants must hold a PhD, MD/PhD or equivalent in Exercise Physiology, Anatomy or a closely related field at the time of their appointment. Candidates who have taught gross anatomy to medical and/or allied health students are encouraged to apply.

The successful candidate will contribute to the teaching mission of the Division of Exercise Physiology, which is ranked in the top 10 nationally. The primary teaching responsibility will be to provide gross anatomy lectures and cadaveric laboratory instruction for undergraduate and graduate students. The candidate will also contribute to teaching applied anatomy/kinesiology and undergraduate advising. Although this is not primarily a research position, the candidate will be encouraged to forge research collaborations with faculty in Exercise Physiology who participate in the Mary Babb Randolph Cancer Center (http://www.wvucancer.org/research/Collaborative-Research-Initiatives) the Center for Neuroscience (http://www.hsc.wvu.edu/wwcn/), and/or the Center for Cardiovascular and Respiratory Sciences (http://www.hsc.wvu.edu/ccrs/). This appointment is offered in accordance with the provisions of West Virginia University as described in the Faculty Handbook (http://wvufaculty.wvu.edu/r/download/139120). The appointment is available May 1, 2016.

West Virginia University is a comprehensive Carnegie designated Doctoral Research-Extensive public institution, with approximately 29,000 undergraduate and 6,000 graduate students. Morgantown has 58,000 residents and is rated as one of the best small towns in the U.S. For more information about Morgantown, the West Virginia University Health Sciences Center and the School of Medicine, please visit the following websites: http://www.morgantownwv.gov/; http://www.hsc.wvu.edu/ and http://medicine.hsc.wvu.edu/.

Qualified individuals should submit a complete curriculum vitae, a brief description of teaching credentials and research interests, and the names and addresses (including e-mail) of three references to: Dr. Randall Bryner, Vice Chair and Director of Undergraduate Education, Exercise Physiology, Search Committee Chair, c/o Ms. Rebecca Gutta-Miller, Division of Exercise Physiology, Robert C. Byrd Health Science Center, West Virginia University School of Medicine, P.O. Box 9227, Morgantown, WV 26506-9227. Digital applications are preferred (Email: rgmiller@hsc.wvu.edu). Only complete applications will be considered. Review of applications will begin immediately, and continue until the position is filled. Employment offers are contingent on the satisfactory outcome of a standard background screening. Additional required documentation of U.S Citizenship or evidence of the ability to lawfully work in the U.S. is required for full consideration.
